Year obtained	: 2019

TERTIARY QUALIFICATION

University	: Tshwane University of technology
Qualification	: Diploma
Field of study	: Informatics
Year Obtained	: 2025

Certificates

Microsoft AI-900	
Power BI	
Google data analytics	

WORK EXPERIENCE

Company : ICEP
Job Title : Software testing
Location : Pretoria
Duration : 12 months

Role description:

Ensured the quality and functionality of software applications through thorough testing and analysis. Designed and executed test cases, identified and documented bugs, collaborated closely with developers to resolve issues and verify fixes. Collaborated with business analyst to ensure that the software meets business requirements and performs reliably across different scenarios. I used both manual and automated testing methods to validate functionality, performance, and user experience before release.

REFERENCE
